

TRED GT TENSIONER CLAMP

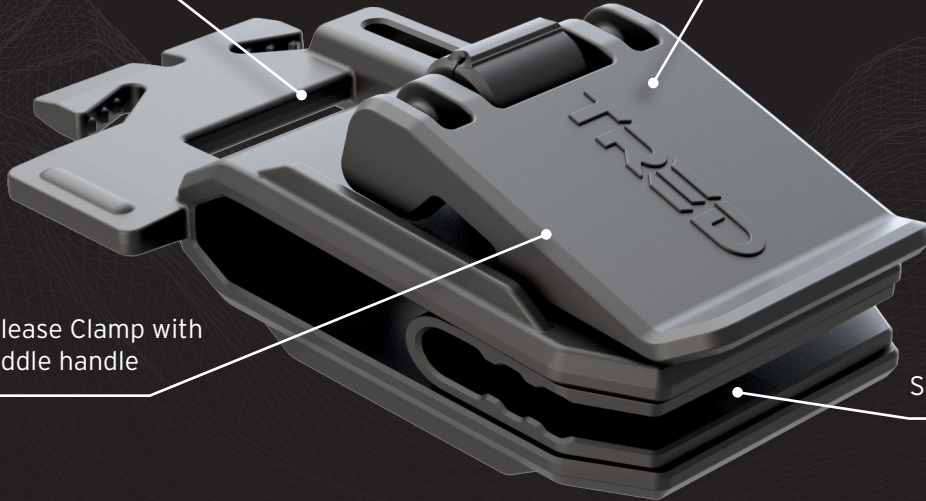

Strap down slot can be used to clip in the TRED GT Accessory Hook

MADE WITH **REINFORCED NYLON**
Engineered Formulation

Quick Release Clamp with broad paddle handle

Soft Grip Pad

RANGE

COMPACT DESIGN

Engineered to link multiple tensioners together for easy grab-and-go convenience.

UP TO 110MM OF LEVELLING LIFT

The unique design allows for fast releasing and tensioning via the clamp's lever. The Tensioner Clamping system also features an adjustment nut to set the clamping force perfectly.

SUPERIOR STRENGTH

Carefully designed securing point allows for multiple uses from the one tensioner. For example; tension awnings, attach a rope to make a clothesline or secure a privacy screen, fasten a clamped piece of material or clip in TRED Accessory Hook (not included).

FEATURES

The TRED GT Tensioner Clamp has been designed for the avid camper or caravaner for easy multi-use convenience. Tension awnings to reduce flapping, attach a rope, secure a tarpaulin/privacy screen, or clip in a TRED Accessory Hook (not included).

DESIGN

- Made from UV resistant, high-strength reinforced Nylon to withstand Australia's tough conditions.
- Rubber grip teeth made from long lasting TPU plastic.
- Multiple strap length options included for different awning applications.

USAGE

- Easy to secure onto awnings or materials to tension.
- Different strap lengths and configuration options for the perfect fitment.
- Create secure clothesline fastening points.
- Quickly secure by closing the clamp lever.
- Will clamp material up to 5mm.
- Adjust clamping pressure by turning the clamp lever or adjustment nut on the backside of clamp.
- Extend usage with TRED Accessory Hook (not included).
- Secure, off-ground hanging point.

STORAGE

- Link multiple tensioners together for easy grab-and-go convenience.
