WARRANTY

Our product is guaranteed to be free from quality and manufacturing defects for a period of 12 months.

If your product becomes defective during this period, SRGS PTY LTD will offer you either a replacement, credit or refund where a product is faulty; wrongly described; different from the sample shown to you or do not do what they are supposed to do.

This warranty will not cover substantially modified product; misuse or abuse of the product contrary to user instructions or packaging label; change of mind and normal wear and tear.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and failure does not amount to a major failure.

To claim the warranty, take the product to the front Service Desk of your nearest store of purchase. You will need to show receipt or other proof of purchase. Additional information may be required to process your claim. Should you not be able to provide proof of purchase with a receipt or bank statement, identification showing name, address and signature may be required to process your claim.

Any expenses relating to the return of your product to the store will normally have to be paid by you. For online store purchases, SRGS PTY LTD will pay for the return freight for any product assessed as having a major failure.

The benefits to the customer given by this warranty are in addition to other rights and remedies of the Australian Consumer Law in relation to the goods or services to which this warranty relates.

This warranty is provided by SRGS PTY LTD, 6 Coulthards Avenue, Strathpine QLD 4500, Australia. Phone: 1300 175 010.

Method of using Vacuum Cleaner

1. Ensure that the 12v socket source has power.
 - a. If connecting to a vehicle, the ignition will need to be on.
 - b. If connecting to a converter, it will need to have full battery source (Ensure to check drawable wattage to ensure product has enough power to run)
2. Remove the product from the packaging and connect the 12v Cigarette Plug into the 12V Socket.
3. Press the Power Button to turn on/off

Emptying the Vacuum Cannister

1. Once you have finished vacuuming disconnect the 12v plug
2. Take the 12v Vacuum to the disposal bin
3. While holding the 12v Vacuum over the disposal bin with one hand, push the release pins on both sides to open the cannister
4. Dispose of contents safely and responsibly

Cleaning the Vacuum Components

1. Cannister: Once cannister has been disconnected from the unit it can be washed with clean cold water and dried with microfibre cloth.
2. Filter: Simply disconnect the filter from the vacuum cannister. This can be cleaned with water and fully dried before returning to the vacuum cannister. NOTE: Failure to ensure filter is dry will damage the product and void warranty.
